

This last pool you installed as
been such a blessing to us and
our grand-children. They love the
place you built for them to sit
and play in the pool until they
learn to swim. You listened to
us and made it perfect for
them! The rock is great too!
They love jumping off of it
and it looks great as well!
Can't thank you enough. Philip &
Jish Hunter

Hi David,

We felt a need to tell you
and your business how much
we appreciate you! We have
used your business taking care
of our pools for many years
and have never been disappointed.
Your staff was always there for
us when we needed your assistance.
Finding someone to do what they
say they will do is hard to find
these days and we thank you.
